FRED STEWART

Court of Appeals Affirms the Big Case From McCracken.

GIVES ESTATE \$15,000

John G. Miller Was Attorney For the Plaintiff, Who Is Now Dead—Last Both Legs.

THE WHOLE COURT SAT IN THE CASE

The noted case of Fred Stewart against the Illinois Central railroad was finally settled this morning in the court of appeals at Frankfort by the court affirming the judgment of the lower court, which was for \$15,000. The case went up from McCracken after two trials.

Stewart was a switchman in the yards here, and one morning about three years ago in throwing a switch, his toe was crushed. He attempted to continue work, and near Broadway finally fell from the engine in a faint, and the wheels cut off both legs.

He sued for damages and was at the first trial awarded \$10,000. A new trial was granted and the second verdict was for \$15,000. The railroad attorneys moved for a new trial, but the motion was overruled and an appeal taken.

Stewart went to Springfield, Mo., to reside, and there a year or two ago died from smallpox. The case had been in the court of appeals for over a year, and the decision of the court will place about \$15,000 in Stewart's estate, the administrator of which is Mr. Felix Randolph.

Mrs. Stewart resides in Springfield, Mo., and was notified by telegraph of the decision.

The decision of the court today increases the original judgment of \$10,000 to over \$15,000 on account of the interest added, and the payment of costs.

Attorney John G. Miller was the attorney in the case.

Three other cases were affirmed by the court of appeals today. One was that of Selbert and others against L. Bloomfield, administrator of the estate of the late Mrs. Margaret (Grief) Mary H. E. Grief and others had several personal claims against the estate, amounting to one thousand dollars or more, and the lower court gave a judgment for the amounts and ordered promptly sold to satisfy them. The court of appeals now affirms the lower court.

The case of H. Well & Sons against Sturgis, on account for a small amount of about \$60, won by the defendant in the lower court was affirmed.

The case of Rice against Rice's administrator was also affirmed. This was on an insurance policy payable to the deceased's estate. A woman had been living with claimed a share and the lower court decided against her, ordering the money paid to the estate, and the appellate court affirmed.

WAS BORN DEAD.
The child born to Marie Owen, of West Court street, at the city hospital last night before last was born dead and did not die from want of attention as published in some of the papers. The child was badly decomposed when born. Dr. Penley was with the mother at the birth of the infant and Mr. Lillard Sanders arrived in time to take charge of the case before it had been completed.

Read the article on the editorial page of interest to the children.

CLOSE SATURDAY.

NO BIDS FOR CUSTOM HOUSE IMPROVEMENTS AFTER SATURDAY.

The bids for improvements at the government building recently authorized by the treasury department will be opened Saturday. They are for a wall on the North side of the building, a driveway, and improvements on the buildings.

Bids for furnishing coal for next year will also be called and the contract probably let. The other bids were all rejected by the department.

THE ELKS.

TOMORROW NIGHT THE BUILDING PROPOSITION TO BE CONSIDERED.

Tomorrow night at the regular meeting of the Elks the purchase of a home will probably be considered. There is some opposition to buying in the business part of town, and many are not in favor of buying at all. Just now, deeming it wise to wait awhile. Nothing has been done towards purchasing the Leach building, and it is likely the action authorizing it, will be reconsidered at tomorrow's meeting. A large attendance is probable.

Says the Louisville Times of yesterday: There is a strong sentiment among Kentucky Elks to establish a state headquarters at the Milwaukee reunion. It is very likely that this will be done. In point of numbers Louisville lodge will be but poorly represented at the Milwaukee reunion. So far only two members have stated they would go. Members of the Louisville lodge of Elks are strongly opposed to a national Elks' home. The sentiment here is that each lodge should take care of its dependents and that a national home would become an expense.

GIVEN THE LOWEST FINE.
W. J. Cothran, the man who was charged with obstructing a public highway at Clark's river by mooring a raft at the road, was tried before Justice Barber yesterday afternoon and fined \$5 and costs, the lowest penalty.

We ask our young readers to read the article addressed to them in the editorial columns today.

ABOUT THE CITY

The Council Will Elect a Milk and Meat Inspector Monday.

ARE NO APPLICANTS YET

The Sewerage System Reported to Be Working Well—City Improving Its Drainage in Several Places.

DOG LICENSES COMING IN SLOWLY

The milk and meat inspector to be elected under the ordinance passed Monday by the council will be elected at the regular meeting next Monday night. Thus far there are no applicants for the place but the candidates will probably begin to show up before Monday.

Sewerage Inspector George A. Tinsler states that the cleaning of the sewers, just completed, shows that the system is in excellent condition. The only places that had become any ways foul were where few connections have been made and there was not enough water to float away the sewage. The Harrison street line, which had been in use since 1897, needed no cleaning at all. The report of the inspector shows that the sewerage system is a great success.

The collection of city taxes averages \$600 a day, and the total collection since June 1 is about \$6,000.

There have been 258 dog licenses issued since May 1 but the number usually runs to between 500 and 600 every year. It is probable that warrants will have to be issued before the delinquents can be made to pay.

Sewerage permits issued this month promise to be in excess of those of last month. There have thus far been ten plumbing and two yard sewer permits issued by Inspector Gardner.

Mayor Lang is building an addition to his house and yesterday's rain came at a most inopportune time. It blew the tarpaulin off the roof and washed all the new plastering off, as well as otherwise damaging the rooms.

Street Inspector Utterback has two gravel gangs at work patching the streets. One is at work on South Third and one on North Sixth. The city is now getting its gravel at the Elkhorn pit in the county.

The work of chipping the drainage of the alley adjoining Hebeaux's collar factory, on Court street, is in progress. The alley back of Wallerstein's has already been souped.

The business houses on South Third street between Broadway and Court streets, will not be required to connect with the sewerage, as ordered to do a few days ago by the health authorities and sewerage inspector. It was subsequently learned that the buildings drain back and in order to free the gutter of the stagnant water Street Inspector Utterback is laying drain pipes and filling the gutters with gravel. The pipes drain into the storm water sewers at Third and Broadway. One side of the street has been completed and the other will be finished by tomorrow.

The hospital committee has not yet finished its investigation of the city physician affair, and will some time this afternoon hear more evidence. Its report will be made to the council at the regular meeting Monday night.

The public employment committee of the council met yesterday afternoon and opened bids for the work of extending Central fire station in order to make room for the new

aerial ladder and truck. They found from the bids that some of the contractors had figured on one thing and some on another and for this reason rejected all bids and will have specifications drawn for the work and call for other bids.

The Thompson laundry has been ordered by Sewerage Inspector Gardner and Health Officer to connect with the sewerage. For some time past water from the laundry has run over the sidewalk into the gutter from the alley on Court, near Hebeaux's.

Construction Engineer L. A. Washington, of the Illinois Central, is in the city to begin the work of repairing First street where the railroad tracks pass. The council ordered this done at a meeting a week or two ago. Work will begin as soon as the material arrives.

POLICE COURT.

NEIGHBORHOOD ROW AND ONE PLAIN DRUNK FOR JUDICATION.

There were but three cases in the police court this morning. Bill Brownstead, colored, was fined \$1 and costs for a plain drunk. There were two cases, one against Mrs. Lizzie Kates and one against Mrs. Lillie Hana, charged with using insulting language towards one another. It seemed to have been a family dispute and the court dismissed the warrants and recognized them in the sum of \$100 for their good behavior.

THE WEATHER.

DEATH IN THE CITY HOSPITAL.
Mrs. Kimble Floyd, aged 72, died last night in the city hospital from general debility after a several weeks' illness. She was born in West Tennessee, and the remains will be buried in the Hough graveyard.

RAILROAD NEWS.

The annual Convention of Train Dispatchers of America is now in session at San Francisco. Dispatcher J. B. Alvey, of the city, is a delegate.

A Nashville dispatch says: Colonel Jere Baxter, president, W. B. Doddridge, vice president and general manager, F. M. Biscoe, chief engineer, and J. E. Rodas will go to Clarksville tomorrow, to take preliminary survey of the route of the Tennessee Central. A corps of men will be on the road next week, locating the route permanently, and it is announced that work will begin as soon as possible after necessary arrangements are completed. Col. Baxter said today that no pains or labor will be spared to get the connections made and trains running at the earliest possible time.

The gross earnings of thirty-eight roads for the fourth week in May were \$9,559,810, against \$9,985,559 for the fourth week in May, 1900, an increase of \$965,751. Thirty roads show increases and eight decreases. Since January 1 the roads referred to above earned \$143,625,497, an increase of \$11,225,360 over the \$132,402,137 reported for the corresponding period of 1900. For the longer period thirty show increases and eight decreases. For the month of May forty-three roads earned \$26,695,680, an increase of \$4,759,843 over the \$21,935,837 reported for the month of May, 1900.

Superior W. O. Waggoner, of the Illinois Central, was in the city last night.

Trainmaster J. J. Flynn, of the Memphis division, is in the city.

Mr. H. C. Warburton, the well known I. O. machinist, has resigned and will probably go out west. He is a prominent union man and was sent as a delegate to the I. O. conference at Chicago when the pay rate for the machinists was fixed. His many friends here will be sorry to learn of his departure.

Several sections of the I. O. shop yard fence on the Huntington row side was blown down in yesterday's blow. The fencing will be replaced immediately. Several fences out in the country also suffered from the blow.

Miss Mayne Townsend went to Hopkinsville at noon today to meet Mrs. B. Anderson and from there they will go to Dawson for a sojourn of a few weeks.

Miss Anna Webb and her guest, Miss Beare, of New York, are spending this week at "The Pines," with Mrs. Robert Becker Phillips.

Ira D. Beckard, Duane, Ia., writes: "My little or ankle, I met BANNER SALVE immediately and in three weeks' time it was almost entirely healed. I want to recommend it to every family and advise them to keep Banner Salve on hand, as it is a sure remedy for scalds or any sores." J. C. Gilbert.

BERTHA BEASLEY'S STORY

Thirteen-Year-Old Girl Claims She Was Taken to Livingston Point and Badly Mistreated.

POLICE ON THE CASE ALL MORNING

Mrs. Effie Beasley, who lives on a shanty boat near the mouth of Island Creek, called at police headquarters this morning with her thirteen-year-old daughter, Edith May, and wanted warrants for a crowd of whom she claims induced her daughter to go to a "play party," and kept her all night and a day up about Livingston Point.

According to the story told there was a most revolting plot to get the girl away for immoral purposes. Night before last two strange women called at the boat and asked that the girl be allowed to attend a "play party" they were giving a number of girls about her age on Tennessee street. She would be brought back before the cars stopped running they said. The girl was permitted to go, the mother, who seems to be a simple kind of woman, feeling no hesitancy. Nothing was said about any men being in the party.

After walking a mile or more, according to the girl's story, they came to a shanty. There were all told, including the two women and girl, four women and four men. The girl here subjected to going any farther and claims the men then drew pistols and forced her to go.

They all went up to Livingston's Point, and to a lake in that vicinity where the party prepared to have a good time. They remained all night and all day yesterday, the girl claiming that she could not induce them to bring her back home. They returned about 7 o'clock last night.

Believing that she had not told all, Prosecuting Attorney Campbell and Judge Sanders this morning questioned the girl closely, and she finally said that she had been criminally assaulted by one of the men while the other men and the women held her. She declared, but they refused, and at least one of the men outraged her.

Marshal Collins, County Attorney Graves and Prosecuting Attorney Campbell were at work on the case all the morning.

Dr. B. B. Griffith was called to make an examination of the girl, and the result confirmed her claim to a certain extent.

Warrants were issued against John Bulger, Frank Eich and wife, Minnie Claynor and will be against the others who were in the party when their names are learned for rape, conspiracy to rape, and detaining a woman.

Officers Harlan and Clark arrested John Claynor, John Bulger and Frank Eich this afternoon, and they were committed to jail to await a hearing tomorrow. The others have not been arrested, but officers are after them.

A. O. Blanchard, West Bangor, N. Y., says: "I have been troubled with kidney disease for the last five years. Have doctor with several physicians and I got no relief until I used two bottles of FOLEY'S KIDNEY CURE."

OWNER FOUND.

The \$630 found in a stocking yesterday afternoon by a boy and turned over to Marshal Collins proved to be the property of Mr. H. H. Christy. Mrs. Christy had given the boy to make a few purchases and deposit the money, and finding that the banks were closed when she started home, made no effort to deposit it. She lost it on her way back, and did not realize it until Mr. Christy saw the item in the paper about the money being found and hastened home, finding that it was his own. The boy who found it was Oscar Poulson, who was given a \$20 bill as a reward.

Observations

...at Random

A certain young man prides him-
self on his general knowledge. He
met a friend one night last week who
he put it, "was a little green."
This friend had asked him to explain
the workings of the local fire alarm
boxes and he commented, saying that it
would be a pleasure if he could be of
any service to him.
"You take the key from the box,"
the young man began, "and place it
in the key hole, then unlock the box
and pull the door open. You next
pull this little lever down and the
alarm is sent in. If one alarm is not
considered sufficient you can pull it
down any number of times, but you
must always wait for the alarm to
unhitch striking before you and in an-
other. After you have finished un-
hitching in alarm you then shut and lock
the door," but when he attempted
to extract the key it would not be
extracted. He pulled and tugged in
vain and finally Chief Woods who
came around with his little key and
unlocked the key from the alarm box.
Who was the "green man" in the
case?

A young man went down the road
several nights ago to see his best girl.
She lives outside of town and he had
engaged a buggy in which he intended
to drive to her residence from the
depot. He arrived but first went to
the dispensary of good cheer to sum-
mon up more courage. He fell in
with a crowd of boys and after this
treat had gone around several times
the crowd repaired to the rear of the
place and engaged in a little friendly
game of cards.

When the Paducah boy left town it
was on the "bummers" of a freight
train. He had been skinned out of
every cent he had, besides missing the
date with his girl and disappointing
the lively man who could have rented
the vehicle to others without the least
of trouble.

A well known gentleman of Paducah
some time ago owned a fine high
dog that got so bad it had to be sent
out to a rural farm for training and
safe keeping. The children about the
house had ruined him by the over-
abundance of petting and nursing.
About eight months after the dog had
been sent away its owner concluded
that he had been trained enough by
that time and one Sunday started out
to bring him home, being anxious to
make the other sports green with envy
by showing him in the field. He ex-
perienced no trouble whatever in find-
ing the place but all the family had
gone to church. Knocking on the
front door he awaited a reply and
when no one answered he became im-
patient and started for the back door,
thinking that they were probably in
the rear of the house. The gentleman
got no farther than half around before
he heard a hasty retreat. A big dog
was on his scent and was making a
sprinter out of him. Before the gate

A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear for childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under these conditions.

A dispatch from Hopkinsville states that Dr. Washington Smith, aged 70, a dentist of Paducah, and Miss Elizabeth Hoopes, aged 73, of Christian county, were married at Pembroke, Ky. The couple evidently think that one never gets too old to enjoy life. If Dr. Washington Smith is from Paducah, however, no one could be found who ever heard of him. He may be a resident of the county.

Millions Made by Planting Trees.

Any one who takes a vital interest in the welfare of his grandchildren can insure their being rich by planting trees on treeless land, which land he can leave to them in his will. Some big British fortunes have been provided for in this manner. A predecessor of the present Duke of Athol had a lot of land, but it was not especially valuable in fact, he was "land poor."

He determined that his descendants should fare better and so began planting trees. In the course of his lifetime he planted 11,000,000 trees, covering an area of 10,000 acres. His last plantation covered 7,500 acres, which in the ordinary way becomes a forest of mature timber 70 years after planting. Thinned down to about 350 trees an acre, each tree will contain at least 24 cubic feet of timber, which, at 25 cents a foot, gives a sum of \$1,375 an acre, a total for the value of the timber on the last plantation alone of \$34,500,000.

The whole initial outlay for this plantation, which has no increased the wealth of the ancient house of Athol, is said to have been only about \$15,000 for the seedling trees and the cost of the labor of planting them. The maintenance of the wood was paid for out of the profits arising from the sale of young wood when thinning the plantations.

Abu Lincoln.

Of all the great men I have known Lincoln is the one who has left upon me the impression of a sterling son of God. Straightforward, unflinching, not loving the work he had to do, but facing it with a bold and true heart; mild whenever he had a chance, stern as iron when the public weal required it, following a lead line to the goal which duty set before him. I can still feel the grip of his massive hand and the searching look of his kindly eye. I remember that when Lord Lyons, who was a bachelor, went to communicate the news of the marriage of the Prince of Wales to him officially he took the queen's letter in his hand and said, "Well, Lord Lyons, all I can say is, 'God do thou likewise.'"—Sir Edward Malet's "Sifting of Secrets."

The City of Memphis is due today from St. Louis for Tennessee river.

WORN OUT

half sick, nervous, tired out with household and maternal cares, constipated, liver torpid, with bloated, muddy, sallow complexion, blood thin and impure, need building up and a thorough renovation of their systems. This is the time you need such a great nerve and stomach builder as

LAXAKOLA

the great Laxative. It gently moves the bowels and thus removes the cause, and acts directly upon the liver and kidneys, keeping them active and strong, while its marvellous tonic properties clear the complexion, stimulates the liver, quickens the circulation, increases the flesh, brightens the eyes, the nervousness speedily disappears, and the entire system recuperates and tones up to a condition of perfect and permanent health.

Laxakola, the great Laxative, is not only the most efficient of family remedies, but the most economical, because it combines two medicines, a Laxative and tonic, and at one price. Its other virtues give so much for the money. At drug stores, etc., and 50¢ or free sample of THE LAXAKOLA CO., 124 Madison Street, St. Louis, Mo., or 210 Dearborn Street, Chicago.
